

Find the Caymus!

A Wine Tasting Evening for the SADS Foundation

Did you ever wonder if those high-priced, highly rated wines are really worth the money?

Do you think you can tell the difference?

Join us to find out!

Our evening will begin with an exploration of how we really perceive wine aromas and flavors while learning the tricks that professional wine experts use to identify wines blind.

This will be followed by an expert guided "blind" tasting of wine pairings that mix high scoring, high priced benchmark wines with more modest selections.

Without the help of the hype and the fancy label, see if you can find the Caymus by taste alone!

*Hosted by Scott Dailard,
Rachel Flores, and Jennifer Paul
at the home of Scott Dailard*

Friday, October 23, 7 p.m.
Fairbanks Highlands Estates
14142 Caminito Vistana
San Diego, CA 92130
