**SADS and COVID-19**

**COVID-19 Website Updates**
New scientific papers relating to COVID-19 and to SADS conditions [here](#).

**SADS Conditions and SARS-CoV-2-Caused COVID-19 Survey**
We want to learn more about if and how our families are being impacted by SARS-CoV-2-COVID-19. Please help by completing this brief survey. Please complete one survey for yourself and one for each person in your family.

We will summarize the answers and let you know the results. Our Scientific Advisors also will take a look at the results and help us provide answers/services to meet your needs.

Click [here](#) to take the survey.

**SADS Facebook Live - Join Us Weekly**

Join the SADS Foundation Facebook Live page weekly on Fridays at 2:20 pm Eastern to post your questions to experts.

Monday, April 27--Timothy Syndromes focus  
Friday, May 1--Professor Silvia Priori joins Dr. Ackerman  
Friday, May 8--Dr. Ackerman and a special Young Investigator Awards presentation

**#SADSathome**

Staying home and staying safe can get boring. Our SADS families have been keeping busy and participating in #SADSathome.

Check out how SADS families are getting involved.

Want to join the fun, but don't know how? Check out some ideas right [here](#) on our website.
Thank You SADS Volunteers!

The SADS Foundation THANKS Our Volunteers!!

Virtual Support Groups

Let's get together - on the phone or online Zoom meetings!
International Heart-to-Heart - Come meet kids and parents from around the world. This Zoom chat is co-sponsored with SADS UK. Friday, May 1 @ 12 noon ET; 5 pm BST. For questions, email sads@sads.org. To register, click here and we'll send you the Zoom link.

Kids/Teens Chat - Join us online or by phone on Thursdays at 6 pm Eastern. Please register here, to get the Zoom or call-in details.
FDA cautions against use of hydroxychloroquine or chloroquine for COVID-19 outside of the hospital setting or a clinical trial due to risk of heart rhythm problems. Close supervision is strongly recommended. Click here for more information.

CredibleMeds Launches MedSafety Scan for COVID-19

Azcert announced an important new decision support program to help clinicians manage the risk of QT prolonging medications when treating patients with COVID-19. MedSafety Scan® is available without charge and only requires an internet connection for access. Its release has been accelerated because of the large number of people being prescribed QT prolonging drugs for COVID-19. -Raymond L Woosley, MD, PhD, Azcert

Special Giving Tuesday Now

Because of the current situation, a special Giving Tuesday Now is being held on May 5th to support non-profit organizations and ensure they are financially secure for 2020. The SADS Foundation is extremely grateful for all donations, large and small. Thank you for your dedication to our work on behalf of SADS families!!

CONTACT OUR SUPPORT & RESOURCE CENTER

Our support and resource center is available Monday-Friday to answer your medical and support questions and help you find knowledgeable medical professionals. Contact the support center at 801-946-0946 or email sads@sads.org.
