## SADS Action Alert: AED's for Connecticut

**Dear Alice,**

We need your voices to help to get Senate Bill 981 passed in Connecticut. This will help provide life saving AED's to every school in Connecticut! Please help this effort by writing in short emails or making phone calls to your state representatives in support of the bill. Please pass this along and ask your friends and family if they would help too!

### **More on the Bill...**

SB 981 was raised by the Public Health Committee yesterday. A public hearing has been scheduled for Fri. Feb. 27, starting at 10 a.m. The bill states that all schools draw up and emergency response plan that includes an AED and proper training no later than July 1, 2010. It also requires that, given funding availability, all schools provide an AED for use in case of an emergency.
