Dear Alice,

Congratulations, September was a success!

All 50 states are represented for SADS Safe Schools Month!!

We at the SADS Foundation would like to thank everyone who volunteered and distributed materials in September. Awareness is a combined effort and we are so grateful to have the support we do! We could not do it without you!

Continue the outreach!

Just because it is no longer September doesn't mean that you can't continue to distribute materials!

If you are still interested in receiving materials or distributing materials click [here](#) to submit a Materials Request.

With October being SCA Awareness Month, it's time to shift our focus to the media!

You can do this by contacting your local media to get a story aired or printed which includes the SADS warning signs (we can provide you with ideas and a press release)

If you are interested in contacting your media to raise awareness and would like to talk to
